Relocation FAQs:

Why is the Sanborn branch relocating?

After six years of proudly serving our members in Sanborn, we are relocating to a new location to provide an improved member experience for current and new members. North Star strives to provide competitive financial services and convenient branch locations which offer great experiences for our members. In order to provide this, we have decided a relocation of our Sanborn branch to Sheldon was needed.

Where will the new Sheldon branch be located?

The best location to relocate the Sanborn branch will be 101 N Runger Ave, in Sheldon. The branch is located 8.6 miles West of the current location in Sanborn. It is easily accessible from US-18 W off the Hwy 60 bypass. It will be located near the Chinese Chef and Los Tulipanes restaurants. This new location will provide easy and visible access for members visiting the branch.

What services will be offered at the new Sheldon branch?

The existing accounts and services will not change. The Sheldon branch will offer a lobby, an ATM, and night depository services. If you are using the branch for transactions, opening new accounts, or applying for a loan, the new facility will be there to meet all your financial needs.

When will the new Sheldon branch open?

We foresee the new Sheldon branch to be open in the first Quarter 2017. Hours of operation will be Monday through Thursday from 9:00am – 5:00pm, Friday from 9:00am – 6:00pm, and Saturday from 9:00am – 12:00pm. We will update members via our website, www.nscu.org, and in-branch as we draw closer to the exact opening date.

When will the existing branch close?

The existing Sanborn branch and ATM will no longer be accessible on the date the new Sheldon branch opens. We will place a sign on the Sanborn branch door with the new Sheldon branch location as a reminder for members.

What will happen to the Sanborn branch staff?

Our current Sanborn branch staff are excited about the relocation and will serve your financial needs at the new Sheldon branch.
